## COX & COMPANY SELL DRUG STORE

F. M. Jackson Drug Company Buys  
Old Established Business at  
Monett.

Deal was recently completed whereby A. H. Cox & Company, druggists, sold the A. H. Cox drug store to M. F. Jackson Drug Company. The new owners have a chain of stores at Carthage, Granby, Webb City, Seneca and other places. A brother of M. F. Jackson owns a large drug wholesale establishment in Joplin.

The Cox drug store is one of the old established business houses of Monett. A. H. Cox, bought the business nineteen years ago from Lea Kirby and Dr. Jones, who bought it a short time before.

During his proprietorship Mr. Cox has enjoyed a large patronage and has one of the best stocked drug stores in the Southwest. His skill as pharmacist and close attention to business has won for Mr. Cox the confidence of the public. The new proprietors will step into one of the best drug businesses in this section of the country.

The jewelry department, which went under the firm name of Cox Brothers, will not change hands and J. Carroll Cox, who has had the management of this business will remain in charge at the old stand.

Mr. Cox retires from the drug business with the kindest of feelings for the people of Monett and vicinity for their liberal patronage and goodwill.

## FRUIT GENERALLY NOT INJURED BY FREEZE

Ozark Fruit Growers Meet in Profitable Session at Monett—Berry Prospects Favorable.

Crop conditions and methods of cultivation, grading and packing, fertilizing and spraying, were the topics discussed here Tuesday at a meeting of more than 100 members of the Ozark Fruit Growers' Association. Little was known of the results of the severe freeze last Sunday night, but it is the general belief that the fruit is injured some, the peach crop especially being badly hurt. Apples were unharmed and cherries probably won't suffer much. The berry crop will be benefited by the freezing and the moisture.

Methods of spraying strawberries were discussed. George Rice, of Pelee City, Mo., declared he has been spraying his vines and fruit for four years with good success. He says he sprays the new vines as well as the older ones. Prospects are for a bumper crop of berries at good prices, it was generally conceded.

**Discussed Growers' Problems.** Local managers of the association made talks on new cultivation methods and the spraying and fertilizing problems were discussed.

J. W. Stroud, secretary of the association, who operates an apple orchard at Rogers, Ark., said the apple crop has not been hurt in any way this winter. He departed Wednesday for McAllen, Tex., where the association is interested in the shipment of about 1,500 cars of vegetables within the next few days.

There were representatives from Tennessee, Texas, Arkansas and Missouri at the meeting. Charles Carmichael, of Joplin, field agent of the organization, was one of the speakers.

On account of the storm of March 4, Col. Al Hudson, of Fairview, postponed his big sale advertised for that date, to March 17. Col. Hudson will sell at this time forty head of mules and forty head of his famous Cotswold sheep. He is using a half page advertisement in this week's Weekly Times.

## WILL END SALE OF GROCERIES SOON

E. H. Williams, who has been closing out his grocery stock at 101 Central avenue, says that although many of the staples have been sold out, he still has a large amount of unsold groceries. They are going at cost all this week. If any are left by the first of next week he may sell them at auction sale.

## OBITUARY

Willis Russell Crossland was born June 15, 1918 and died February 26, 1920, aged 20 months, 11 days. He leaves to mourn his loss his father, mother, one brother, one sister and grandmother. He was a loving child.

The funeral was preached by Rev. C. F. Whitlock, pastor of the Baptist church of Monett. The text was "I shall go to him but he shall not return to me." 2 Samuel 12:23.

We desire to express our greatest gratitude to all of our friends and neighbors for their kindness and help and sympathy that they showed us during the sickness and death of our brother. We also do appreciate the flowers that were presented by friends.

A. W. Crossland.  
Mrs. Columbia Crossland.  
Elmer and Vada Crossland.

## BUTTERFIELD

Mr. Barbour and Mr. Price, of Aurora, were here Saturday of last week on business.

Elmer Ferguson, salesman for the Majestic Supply Co., of Aurora, was here last week and sold M. L. Gentry a car of feed.

Mr. Moberly, district highway engineer, was here Saturday.

The post office was moved last week to Mrs. Georgia Gentry's east of Wilkerson's store.

Mr. Oliver and family came in last week from Kansas and have rented Thos. Ferguson's farm near Shady Grove school house.

A. L. Haney, Henry Gillmore and others attended I. O. O. F. lodge at Puxley, Tuesday night.

School started again Monday after a three weeks' vacation on account of the flu. The attendance is very light so far.

There have been no new cases of the flu for about a week.

A force of men has been loading the milling machinery for several days. The Frisco railroad is blocking advancement by refusing to provide adequate loading track at this place. The berry growers have labored under great disadvantages for several years on that account and now the Rush canning company desires to erect a larger and permanent canning plant but the railroad company offers no encouragement in the way of a lease for a suitable site.

The young men of this vicinity have organized a Kangaroo Court which is affording considerable amusement and some benefit as they watch each other very closely and anyone who is guilty of any unbecoming conduct is hauled into "court," tried and if convicted pays a fine. We have not heard whether the fines go into the school fund or for treats. Some of the "attorneys" would make pretty good pettifoggers in a police court.

The Foolkiller says that "a kiss is a big mouth full of nothing that tastes like heaven and sounds like a cow pulling her foot out of the mud."—Correct.

Some people are in favor of a majority rule, provided they happen to be in the majority.

## KINGS PRAIRIE

We have had some real winter. Better now than further on.

Jack Carter is badly afflicted with a carbuncle on his neck. It is somewhat strange that three in the family, father and brother were afflicted with carbuncles on the neck.

If the old saying comes true that if March comes in like a lion it will go out like a lamb, we can get ready to take care of the lamb.

The flu has somewhat subsided on the prairie. The Cowell family is sick with it.

We notice some candidates have been around extending the right hand of fellowship. Of course they are all good.

Regular service was held at New Liberty church last Sunday.

February had five Sundays this time. They tell us it will be 100 years before it happens again. All those who are planning to hold over until that time, please hold up your hands.

We would advise every farmer on the prairie to plant a patch of sorghum cane to counteract that two bits of sugar.

Misses Alma and Annie McCormick took dinner with Miss Gladys Jackson last Sunday.

Some are already bringing out their strawberry crates.

Roscoe Jackson is getting out poles and will soon install a phone in his home.

NOTICE soliciting committees for the auditorium, complete your work this week if possible.

## SUFFRAGE AMENDMENT WINS IN VIRGINIA

Ballot of Senator Who Rushed from California to Vote Breaks Deadlock.

Charleston, W. Va., March 10.—The West Virginia legislature ratified the federal suffrage amendment late this afternoon. Final action on the amendment was taken by the senate in adopting the ratification resolution of the house of delegates, 15 to 14.

The vote of Senator Jesse A. Bloch of Wheeling, who made a hurried trip from California to Charleston to vote on the amendment was effectual in breaking the deadlock between the pro and antisuffragists forces. Senator A. R. Montgomery was not permitted to vote, his seat having been declared vacant.

## OAKLEY UNION

Church and Sunday school had a meager attendance Sunday on account of the bad weather and much sickness.

We are so anxious for spring to come, when the birds sing and flowers bloom, when nature puts on her dress of green.

C. Gurley butchered hogs Tuesday. A little late but a good thing to have in the family.

Mrs. Overton, who has been so low with pneumonia, is able to sit up.

Albert Miller will move back to Wheaton soon.

Orvil Cartright took stock in the telephone line, which makes fourteen shares. They have all new posts and phones and should have good service.

Mrs. Offie Pitts and children visited her parents at Ridgely, Sunday afternoon.

P. W. Weaver made a business trip to Wheaton, Saturday.

Uncle Dock Cooper is preparing to set out six acres of strawberries this spring.

Spring showers the morning of the tenth. Farmers are badly behind with their work in this section.

Every property owner should take shares in the auditorium.

## SEMI-ANNUAL SCHOOL BOARD CONVENTION

The spring semi-annual school board convention of Barry county will be held at Exeter, Saturday, March 13. W. E. Hankins, the county superintendent, says that there are many important problems to come before the meeting. County Collector Horne is to be present and explain how some made mistakes in paying taxes in the wrong districts and how to avoid this.

The program will begin at 10:30 o'clock, Prof. N. R. England giving the welcome address. Other speakers will be L. F. Jones, Prof. W. H. Lynch of Springfield; J. S. McQueen, Wheaton; H. G. Dodson, Exeter; W. E. Hammer, Seligman; H. A. Gardner, Monett; Dr. B. B. Kelley, Purdy; Hon. J. F. Mermoud, of Monett, E. R. Periman, county attendance officer and Dr. S. W. Chandler, county physician. The Exeter school will also give a short program.
